IMPORTANT INFORMATION REGARDING REQUEST

- Do not return any items until receipt of your Return Material Authorization (RMA) number.
- A copy of the issued RMA must be enclosed in each crate/package of equipment being returned. Also include a copy of this form with the RMA in all crates/packages. The RMA number is used for receiving, processing, tracking, and shipping customer repairs.
- **RMA numbers:** For non-return of material on Advance Replacement RMA's the recipient will be billed at the normal sale price if the material has not been returned within 60 days of receipt of replacement material. All other RMA's expire if the material is not returned within 60 days of receipt of RMA.
- When calling for status updates, please have the RMA number available. Maintain a copy of this form and RMA number for your records.
- **ACCESSORIES** are not repaired and **SHOULD NOT BE RETURNED** (except for power amp cabling). Accessories consist of microphones, lanyards, antennas, batteries, mounting brackets, radio cabling, filter assemblies, chargers, speaker-mics, etc. L3Harris Technologies is not responsible for lost accessories.
- Do not include any accessories with return unless they are the accessories being warranty replaced.
- Any material not listed on the approved RMA may be returned to the customer at the customer's expense.
- Warranty repair/replacement **DOES NOT** cover misuse, mishandling or unauthorized product modifications.
- **FLAT RATE REPAIR ESTIMATES** are based upon reported defects at RMA issuance. A single flat rate quote covers a single condition. Upon unit receipt and evaluation, newly discovered repair requirements will be quoted prior to repair.
- **Regarding Repairs:** An estimate will be provided when the evaluation determines that: 1) the unit is beyond repair; 2) repair charge is greater than the reasonable expectation for that unit; or 3) repair charge exceeds the flat rate. If estimate is declined, an evaluation fee will be assessed. The evaluation fee and/or the non-flat rate repair charge will vary depending upon equipment type. Go to <https://www.harris.com/solution/pspc-customer-service>
- All prices and products for repairs are subject to change without notice.
- All repairs include a 90 day warranty.

[US DOT Regulation 49CFR173.21\(c\)](#)

CUSTOMER HAZARDOUS MATERIAL RETURN SHIPMENT LIABILITY: U.S. domestic batteries being returned by ground or air must adhere to Federal Department of Transportation regulation 49 CFR 173.21(c); reference above link for detail. For additional packaging guidance, call the DANGEROUS GOODS HOTLINE 1-800-GO-FEDEX ext. 81 or the USDOT HAZMAT Help Line 1-800-467-4922 ext. 1. **Ground shipments require advice from the dangerous goods hotlines provided. In order to ship via air, the facility must be certified in accordance with Transportation Regulations for Lithium Batteries.** Additional handling charges and DOT fines may be assessed for batteries not packaged according to the above regulation.

Warranty literature is available for review online:
