Forward-Looking Statements

Statements in this presentation that are not historical facts are forward-looking statements that reflect management's current expectations, assumptions and estimates of future performance and economic conditions. Such statements are made in reliance on the safe harbor provisions of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements in this presentation include but are not limited to: revenue, earnings per share (and related bridges), margin, free cash flow, segment and other guidance for calendar 2020; cost synergies, tax rate and other supplemental combined financial information for calendar 2020; statements regarding strategic priorities, including regarding seamless integration, targeted cost synergies, path to achieving targeted cost synergies earlier than planned, margin expansion, operational excellence, growing revenue, differentiated technology and innovation, potential revenue associated with revenue synergy proposals, reshaping the portfolio, high margin and high growth businesses, future sale transactions and use of proceeds therefrom, maximizing cash flow, shareholder friendly capital deployment, potential share repurchase amounts and timing, and amount of and progress toward free cash flow target; potential program and contract opportunities and awards and the potential value and timing thereof; and other statements regarding outlook or that are not historical facts. The company cautions investors that any forward-looking statements are subject to risks and uncertainties that may cause actual results and future trends to differ materially from those matters expressed in or implied by such forward-looking statements. The company's consolidated results, future trends and forward-looking statements could be affected by many factors, risks and uncertainties, including but not limited to: risks related to disruption of management time from ongoing business operations due to the combination of L3 and Harris; risks related to the inability to realize benefits or to implement integration plans and other consequences associated with the combination; the risk that any announcements relating to the combination could have adverse effects on the market price of the company's common stock; the risk that the combination could have an adverse effect on the company's ability to retain customers and retain and hire key personnel and maintain relationships with suppliers and customers, including the U.S. Government and other governments, and on its operating results and businesses generally; the loss of the company's relationship with the U.S. Government or a change or reduction in U.S. Government funding; potential changes in U.S. Government or customer priorities and requirements (including potential deferrals of awards, terminations, reductions of expenditures, changes to respond to the priorities of Congress and the Administration, budgetary constraints, debt ceiling implications, sequestration, and cost-cutting initiatives); a security breach, through cyber attack or otherwise, or other significant disruptions of the company's IT networks and systems or those the company operates for customers; the level of returns on defined benefit plan assets and changes in interest rates; risks inherent with large long-term fixed-price contracts, particularly the ability to contain cost overruns; changes in estimates used in accounting for the company's programs; financial and government and regulatory risks relating to international sales and operations; effects of any non-compliance with laws; the company's ability to continue to develop new products that achieve market acceptance; the consequences of uncertain economic conditions and future geo-political events; strategic transactions, including mergers, acquisitions, divestitures and spin-offs and the risks and uncertainties related thereto, including the company's ability to manage and integrate acquired businesses and realize expected benefits, the potential disruption to relationships with employees, suppliers and customers, including the U.S. Government, and to the company's business generally and potential tax, indemnification and other liabilities and exposures; performance of the company's subcontractors and suppliers; potential claims related to infringement of intellectual property rights or environmental remediation or other contingencies, litigation and legal matters and the ultimate outcome thereof; downturns in global demand for air travel and other economic factors impacting our commercial aviation products, systems and services business; risks inherent in developing new and complex technologies and/or that may not be covered adequately by insurance or indemnity; changes in the company's effective tax rate; significant indebtedness and unfunded pension liability and potential downgrades in the company's credit ratings; unforeseen environmental matters; natural disasters or other disruptions affecting the company's operations; changes in future business or other market conditions that could cause business investments and/or recorded goodwill or other long-term assets to become impaired; and the company's ability to attract and retain key employees, maintain reasonable relationships with unionized employees and manage escalating costs of providing employee health care. Further information relating to these and other risks that may impact the company's results, future trends and forward-looking statements are disclosed in the company's filings with the SEC. The forward-looking statements contained in this presentation are made as of the date of this presentation, and the company disclaims any intention or obligation, other than imposed by law, to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. Persons receiving this presentation are cautioned not to place undue reliance on forward-looking statements.
Basis of Preparation

As supplemental information to aid with year-over-year comparability following the L3Harris merger, this presentation includes combined financial results, with "combined" meaning, in the case of prior-year results, L3 and Harris combined results for the applicable prior-year period on the basis described in the paragraphs below, including regarding adjustments for certain items; and in the case of full year and first half 2019 results, including L3 results for the first half of 2019 on the same basis.

Specifically, this presentation includes L3Harris has included certain unaudited combined L3 and Harris historical financial information, which combines L3 and Harris historical operating results as if the businesses had been operated together prior to the merger on the basis of the combined company's four segment structure effective following the merger, but excluding the operating results of Harris' Night Vision business (also excluded for Q3 of calendar year 2019 for comparability) and L3's divested businesses, allocating Harris' corporate department expense to the new segment structure and excluding Harris historical deal amortization (primarily related to Exelis) (the "Supplemental Unaudited Combined Financial Information"). L3Harris current-period adjusted results exclude, and L3Harris intends to continue to exclude in future-period adjusted results, all deal amortization (including L3 historical deal amortization). The Supplemental Unaudited Combined Financial Information have no impact on L3's or Harris' previously reported consolidated balance sheets or statements of income, comprehensive income, cash flows or equity.

For avoidance of doubt, the Supplemental Unaudited Combined Financial Information also was not intended to be, and was not, prepared on a basis consistent with the unaudited pro forma condensed combined financial information in Exhibit 99.7 to L3Harris' Current Report on Form 8-K filed July 1, 2019 with the U.S. Securities and Exchange Commission (the "Pro Forma 8-K Filing"), which provides the pro forma financial information required by Item 9.01(b) of Form 8-K, or other pro forma financial information prepared in accordance with Article 11 of Regulation S-X that may be included in L3Harris periodic reports filed with the SEC (collectively with the pro forma information in Exhibit 99.7 to the Pro Forma 8-K Filing, the "Pro Forma Financial Information"). For instance, the Supplemental Unaudited Combined Financial Information does not give effect to the L3Harris merger under the acquisition method of accounting in accordance with Financial Accounting Standards Boards ("FASB") Accounting Standard Codification Topic 805, Business Combinations ("ASC Topic 805"), with Harris treated as the legal and accounting acquirer, and was not prepared to reflect the merger as if it occurred on the first day of any of the fiscal periods presented. The Supplemental Unaudited Combined Financial Information has not been adjusted to give effect to pro forma events that are (1) directly attributable to the merger, (2) factually supportable, or (3) expected to have a continuing impact on the combined results of L3 and Harris. More specifically, other than excluding the operating results of Harris' Night Vision business and L3's divested business, allocating Harris' corporate department expense to the new segment structure and excluding Harris historical deal amortization (primarily related to Exelis), the Supplemental Unaudited Combined Financial Information does not reflect the types of pro forma adjustments in the Pro Forma Financial Information. Consequently, the Supplemental Unaudited Combined Financial Information is intentionally different from, but does not supersede, the Pro Forma Financial Information.

In addition, the Supplemental Unaudited Combined Financial Information does not purport to indicate the results that actually would have been obtained had the L3 and Harris businesses been operated together on the basis of the combined company's four segment structure during the periods presented, or which may be realized in the future.

Amounts Adjusted for Certain Items - The Supplemental Unaudited Combined Financial Information includes amounts adjusted for certain items, including revenue, earnings per diluted share from continuing operations, earnings before interest and taxes ("EBIT") and EBIT margin, and cash flow, in each case as adjusted to exclude merger-related deal and integration costs, amortization of Harris acquisition-related intangibles and certain other items previously reported by L3 or Harris, as applicable, for prior periods. Such amounts should be viewed in addition to, and not in lieu of, revenue, earnings per diluted share from continuing operations, EBIT and EBIT margin, cash flow and other financial measures on an unadjusted basis. Other quarterly earnings materials and the L3Harris investor relations website provide a reconciliation of adjusted amounts with the most directly comparable unadjusted amount. L3Harris management believes that these adjusted amounts, when considered together with the unadjusted amounts, provide information that is useful to investors in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionate positive or negative impact on results in any particular period. L3Harris management also believes that these adjusted amounts enhance the ability of investors to analyze trends in L3Harris' business and to understand L3Harris' performance. In addition, L3Harris may utilize adjusted amounts as guides in forecasting, budgeting and long-term planning processes and to measure operating performance for some management compensation purposes. Adjusted amounts should be considered in addition to, and not as a substitute for, or superior to, unadjusted amounts.

## L3Harris strategic priorities update

### 1. Execute seamless integration...$500M in gross cost synergies
- Cost synergies ahead of plan...delivered $65M net in 2019, or $15M above guide
- Path to achieve $300M net ($500M gross) earlier than planned

### 2. Drive flawless execution and margin expansion...e3 operational excellence
- Common operational metrics and improvement goals at the site level
- 8 day improvement in operational working capital
- Margin expansion in 2H and full year

### 3. Grow revenue...invest in differentiated technology and innovation
- Double-digit revenue growth in Q4, 2H and CY19
- R&D strategic realignment...redeployed 10% of spend, reduced projects by 30%
- 23 revenue synergy proposals...5 awards with ~$2B lifetime revenue

### 4. Reshape portfolio to focus on high margin, high growth businesses
- Agreement to sell airport security and automation businesses for $1B, embedded in CY20 guidance ranges
- Future sale transactions in process...proceeds to be used to repurchase shares and offset dilution

### 5. Maximize cash flow with shareholder friendly capital deployment
- $1.45B FCF in 2H...$110M higher than guidance with $1.8B in capital returned
- On track to repurchase $2.5B of shares by June 2020
- Progressing well on $3B FCF target

¹Compared with L3 and Harris combined consolidated or applicable segment revenue for CY2018 on the basis described in “Basis of Preparation” in the appendix.

²Non-GAAP EPS and adjusted earnings before interest and taxes (EBIT) margin figures exclude, as applicable, merger deal and integration costs, amortization of acquisition-related intangibles and gains on sale of divested businesses. For non-GAAP reconciliations reference other quarterly earnings materials and the L3Harris investor relations website. Segments represent operating margin.

³Adjusted FCF (free cash flow) = operating cash flow less capital expenditures, adding back cash flow for merger deal and integration costs and pension pre-funding and excluding operating cash flow from discontinued operations in prior periods.
