FUTURE**

**THERE WHEN YOU NEED US MOST—
TODAY AND INTO THE FUTURE**

FUTURE-READY TECHNOLOGY... WE'LL TAKE YOU THERE

L3Harris is dedicated to continuous innovation ensuring SLERS agencies stay connected through the industry's latest LMR, broadband, geolocation, Push-To-Talk (PTT) and Wi-Fi® technologies.

Added to those advanced capabilities are foundational benefits critical to operational success.

COVERAGE

Converged technologies provide continuous coverage for operations conducted over great distance or in austere environments.

INTEROPERABILITY

Proven interoperability ensures seamless P25 communications between multiple agencies.

CYBERSECURITY

Advanced encryption and security protocols keep communications safe from interception.

SITUATIONAL AWARENESS

Real-time voice and data while on the move give dispatchers and emergency teams the information they require for more efficient and effective responses.

XL FAMILY OF PORTABLES AND MOBILES

- > Adhere to P25 standards for LMR interoperability for multi-agency response
- > GPS and Bluetooth standard with options for Wi-Fi, LTE and FirstNet Ready™ capabilities
- > MIL-STD ruggedized with end-to-end voice and data encryption
- > Loud, clear audio with advanced noise cancellation

BeOn® MOBILE APPLICATION

- > Secure, affordable extension of your LMR network
- > PTT application for smartphones, tablets and PCs
- > Connects teams anywhere Wi-Fi and commercial LTE are available, regardless of cellular provider
- > Full AES end-to-end voice and data security

VIDA® NETWORK SOLUTIONS

- > Field-proven availability and resilience
- > Streamlined management and control of voice and data
- > Foundational cybersecurity controls
- > Engineered with a tiered architecture and industry-leading redundancy

ON-GOING STATE-WIDE PARTNER SUPPORT

L3Harris has an extensive partner network throughout Florida. Each of our partners is dedicated to providing robust and reliable communications solutions along with continuous customer service and support.

LONG-STANDING FLORIDA PARTNERS

Williams Communications, established in 1959, employs more than 50 technologists throughout the state.

Communications International, with a history spanning four decades, employs nearly 200 residents throughout Florida and the Southeastern United States.

Cooper General, established in 1978, employs 35 engineers and radio technicians in the Miami area. Cooper General is a Florida owned and operated certified minority-owned business and has provided outstanding service to users in the South Florida region for decades.

DID YOU KNOW?

L3Harris is the largest defense and aerospace company headquartered in Florida and the leading provider of these technologies in use every day by forces around the world. Our Public Safety and Professional Communications solutions build on those same time-tested technologies, giving First Responders the tools they need to ensure the safety of communities they serve.

L3Harris is a leader for open systems processing on tactical aircraft and has delivered more than **1 million components** for the F-35

L3Harris navigation technology is on every U.S. GPS satellite with **800 years failure-free on-orbit operations**

With nearly **100 unfurlable mesh reflectors** in orbit, L3Harris is the world leader in deployable mesh reflectors

Over **8,500 employees** and **1,000 suppliers** call Florida home

More than **1 million hours** of helicopter simulation training provided to the U.S. Army's Flight School XXI program

Pioneered the high-energy beam director for **every major U.S. Directed Energy system**

Delivered more than **300 autonomous unmanned undersea vehicles (UUVs)** to our customers, expanding the reach and mission capability of remotely operated vehicles

Developed the WESCAM MX Series sensors which are the "eyes" of **over 360 different types of platforms** across the air, land and sea domains

More than **1 million tactical radios** delivered to military personnel around the world

L3Harris employs **over 20,000 scientists and engineers** in more than **350 locations**

L3Harris has been **awarded over 3,000 patents**
