SECURITY UPDATE MANAGED SERVICES (SUMS⁺)

ENHANCE SECURITY WITH AUTOMATED PATCHES

With multiple operating systems to maintain and new software vulnerabilities exposed daily, protecting your infrastructure is critical. That's why you need a way to assess, deploy and manage security patches efficiently. Security Update Managed Services (SUMS⁺) addresses that need with an automated patch process.

SUMS⁺ works to continually acquire, test, package and distribute multiple patch policies at once, removing considerable patch management overhead.

How does it work? The SUMS⁺ automation agent continuously monitors and reports endpoint state, including patch levels, to a management server. This agent also compares endpoint compliance against defined policies, such as mandatory patch levels.

Your organization can quickly create a report showing which endpoints need updates and then distribute them within minutes. IT administrators can safely and rapidly patch Windows®, Linux® and UNIX® operating systems without domain-specific knowledge or expertise.

Once deployed, SUMS⁺ works to continually reassess the endpoint status to confirm successful installation and to update the management server in real time.

KEY BENEFITS

> Automates the updates that can secure your system

> Predictable annual cost helps you avoid surprises and budget effectively

> Operating System patches are pre-tested with VIDA® systems for continuity of mission-critical communication services

L3Harris.com

SUMS+ PROVIDES THE IMPORTANT UPDATES YOU NEED

SUMS+ is available as part of a L3Harris Managed Services plan. It's designed to provide and continually apply periodic security updates.

> Continually manages patches for multiple operating systems and applications across hundreds of endpoints

> Reduce security and compliance risk by slashing remediation cycles from weeks to days and hours

> Gain greater visibility into patch compliance with flexible, real-time monitoring and reporting

> Provide up-to-date visibility and control from a single management console

SOFTWARE RELEASE NOTES

Each software update includes Software Release Notes. These technical documents detail the following:

> Product Vulnerability Alert (PVA) resolution or mitigation information

> Software and hardware compatibility and information, where applicable

TELEPHONE SUPPORT

The Technical Assistance Center (TAC) in Lynchburg, Virginia provides telephone support for installation from 8 a.m. to 5 p.m. (ET), Monday through Friday, excluding Holidays.

U.S. and Canada: 1-800-528-7711 | Worldwide: +1-434-385-2400

SUBSCRIPTION OPTIONS

SUMS+ subscriptions can be purchased as part of a L3Harris Managed Services plan on an annual basis or through discounted multi-year plans. Fees are based on the size and complexity of the customer's system.

YEARLY SUBSCRIPTION

The single-year commitment is paid annually. The plan allows the first-time buyer to discover the investment value of L3Harris Managed Services and SUMS+ without making a long-term commitment.

MULTI-YEAR SINGLE INSTALLMENT

This plan offers a significant discount for a one-time payment covering several years of L3Harris Managed Services with SUMS+.

MULTI-YEAR ANNUAL PAYMENT

The fixed annual fee for a multi-year commitment option complements long-term planning with a predictable cost over the term of the contract.

Technical specifications are subject to change without notice.
Product sales are subject to applicable U.S. export control laws.

Non-Export Controlled Information

L3Harris Technologies is an agile global aerospace and defense technology innovator, delivering end-to-end solutions that meet customers' mission-critical needs. The company provides advanced defense and commercial technologies across air, land, sea, space and cyber domains.
