

GLOBAL LEADER IN ELECTRONIC WARFARE

BROAD CAPABILITIES

L3Harris maximizes mission effectiveness by providing broad electronic warfare (EW) capabilities, which can be combined into multi-function solutions that accomplish more with less. Our capabilities include:

SIGINT Signals intelligence

ELINT Electronic intelligence

ESM Electronic support measures

RWR Radar warning receivers

DF Direction finding

ECM Electronic countermeasures

EA Electronic attack

EO/IR Electro-optical and infrared

ISR Intelligence, surveillance and reconnaissance

MULTI-FUNCTION

END-TO-END SOLUTIONS

As an EW prime, L3Harris delivers advanced, integrated EW solutions that protect warfighters against sophisticated emerging threats.
