

L3HARRIS®
FAST. FORWARD.

POWERFUL PARTNERS

Global Connectivity at the Push of a Button

L3Harris is offering a discount of **\$145** (USD) on each BeOn® license when purchased together with a Samsung Galaxy XCover6 Pro. The BeOn Mobile Application enables the phone to communicate with L3Harris Land Mobile Radio (LMR) networks, allowing users to communicate on group calls, private 1:1 individual calls, declare an emergency and share and view location information. With BeOn push-to-talk (PTT) integration, users can quickly communicate with others in their talkgroup by pressing the PTT button or signal distress by pressing the “distress button” on the phone.

Samsung Galaxy XCover6 Pro: Reliable Performance in Tough Conditions

- > Ruggedized to meet the demands of challenging public safety and industrial environments
- > Leading supplier of Android™ phones, giving users greater choice of non-proprietary features and apps

BeOn Mobile Communications: Fast, Secure Voice and Data Connectivity

- > Communicate with multiple agencies and talk groups with the push of a button
- > Map and share status of all team members for more efficient response
- > Protects your confidential information through voice and data encryption
- > Supports connectivity beyond local system’s coverage areas

L3Harris has joined forces with Samsung, a member of the Mission Critical Alliance, to help public safety and professional communication workers make critical connections.
