

2024 Hands-On Training Course for:

FLASH X-RAY and DIGITAL IMAGING SYSTEMS

“Operation, Maintenance & Troubleshooting”

October 21- 25, 2024

L3Harris Applied Technologies is pleased to host its annual five-day Flash X-ray and Digital Imaging seminar at its San Leandro, CA, facility, located in the San Francisco Bay Area. L3Harris Applied Technologies believes that keeping current with today’s technologies using our highly interactive training sessions leads to faster learning.

NOTE: Training materials supplied on a CD

COST

US \$5,250 includes class material on a CD

LOCATION

L3Harris Applied Technologies - San Leandro

CONTENT

The five-day seminar will include:

- Lectures covering:
 - System overview
 - Fundamentals of radiography
 - Fundamentals of digital image processing
 - Instrumentation of starting X-rays
 - Soft X-ray imaging
 - Hands-on X-ray imaging training
- Lab work on troubleshooting, maintenance and various applications
- Mid-morning snacks, afternoon snacks and lunch (Monday through Thursday)
- Graduation dinner (Thursday)

ENROLLMENT

In order to provide adequate lab instruction, the class size will be limited to 20 attendees. L3Harris Applied Technologies reserves the right to cancel or reschedule if minimum attendance requirements are not met by September 23, 2024 or if government health mandates change. If L3Harris Applied Technologies cancels, all prepaid registration fees are fully refundable.

REGISTRATION

REGISTER EARLY! To reserve your place in class, e-mail the registration form (see page 2) with full payment to:
