

# TWO47™ CYBER SERVICES

Proactive Protection for Mission-Critical Systems

At L3Harris, we're committed to partnering with you to protect and maintain your critical communication systems when it matters most.

Two47™ Cyber Services recognizes that preparation is the starting point for preventing cyber events. Your mission critical network is purpose built for your needs. Our services provide you with a detailed understanding of your environment and prepare for when (not if) a cyber event happens. Whether addressing operational challenges or planning for future system upgrades, our team of professionals works with you at every stage to deliver tailored solutions that exceed expectations.

## RISK ASSESSMENT

Comprehensive evaluation of your system's security posture, identifying vulnerabilities and assessing potential risks to ensure your network remains resilient against cyber threats.

## INCIDENT RESPONSE PLANNING

Development of robust, actionable response plans tailored to your system's architecture, empowering your team to quickly and effectively mitigate incidents and reduce downtime.

## PREPAREDNESS EXERCISES

Facilitated testing and simulation of real-world cyber-attack scenarios, enabling your personnel to strengthen response readiness and identify opportunities for continuous improvement.
