

L3HARRIS®
FAST. FORWARD.

TWO47™ INSTALL SERVICES

Seamless Integration and Expert Setup

Get the support you need to ensure your system runs flawlessly from day one.

Lean on our expert teams for seamless installation, setup and configuration of your mission-critical communication system. Whether it's at the initial purchase of your infrastructure and devices or down the road with add-ons and upgrades, you always have the option to engage us to make sure everything works the way it should.

SYSTEM

We provide comprehensive installation of L3Harris critical communications systems, covering all components and expert-led setups to ensure compliance with public safety standards.

DEVICES

We ensure smooth transitions by installing and configuring L3Harris software and upgrades with minimal planned downtime.

SERVICES

We program, set up and test devices for seamless fleet integration, ensuring accuracy and compliance.

Key Benefits:

- > **Flexible Options:**
Available during initial system purchases, upgrades or as stand-alone services.
- > **Seamless Integration:**
Every installation is optimized for accuracy, compliance and effectiveness.
- > **End-to-End Support:**
Delivered by skilled L3Harris teams, regional partners and certified contractors.
- > **Mission-Driven Reliability:**
Designed for reliable, mission-critical communication for first responders and essential organizations.

What We Offer

System Installation

From the network core to dispatch equipment, portables to mobiles, our comprehensive installation services oversee every detail of your L3Harris communication system. Every component is expertly set up to meet rigorous public safety and operational requirements.

Device Setup and Testing

Ensure every new device — portable radios, mobile units or control stations — is programmed, tested and seamlessly integrated into your fleet for smooth and reliable operation.

Software Installation and Upgrades

Our team ensures all software, updates and configurations are installed correctly and swiftly, minimizing planned downtime to maintain uninterrupted communications.

How We Work

- > Expert project management teams ensure installations meet operational deadlines.
- > Collaboration with customers to minimize impacts and build a pain-free transition.
- > Detailed post-installation reports and documentation for ongoing system oversight.

Join the Two47™ Services Advantage

At L3Harris, we understand that lives depend on the performance of your communication systems. That's why our Two47 Services offers a transparent, adaptable and expert approach to keeping your operations running at peak performance.
