

L3HARRIS®
FAST. FORWARD.

TWO47™ LIFECYCLE SERVICES

Expert Support for the Entire System and Devices Lifecycle

Two47™ Lifecycle Services from L3Harris ensure your communication systems and devices' long-term success and operational readiness.

Through proactive planning, expert maintenance and customized system upgrades, we optimize the performance and longevity of your mission-critical infrastructure and devices. Our approach ensures that every component operates at its peak performance, extending their lifespan and safeguarding your communications system.

SYSTEM MANAGEMENT

Provides customers with a means to manage the system management applications without the need to hire a system administrator.

PREVENTIVE MAINTENANCE

Reduce costly downtime with proactive measures that identify and address potential issues before they cause disruptions.

SOFTWARE MANAGEMENT

Obtain access to software improvements, features and technology while continuously addressing vulnerabilities to reduce cyber risks.

Key Benefits:

- > **Unmatched System and Devices Reliability:**
Achieve optimal performance for mission-critical systems and devices with proactive lifecycle management.
- > **Reduced Operational Costs:**
Lower unexpected expenses through predictive maintenance and minimal downtime.
- > **Seamless Technology Upgrades:**
Adapt to evolving demands with future-ready system and devices enhancements and migrations.
- > **Comprehensive Expert Support:**
Benefit from tailored, end-to-end guidance to keep your systems and devices running flawlessly.

Upgrade

Evaluation of a current system and development of a plan for upgrading to the most current technology to extend the lifespan of a system. Seamlessly add new features and capabilities to an existing fleet of devices.

Fleet Management

Reduce your workload by allowing L3Harris to manage your fleet of devices for personality/profile development, radio programming, software updates and feature upgrades. The result is a centralized and controlled process that keeps your fleet up-to-date.

Repair

Choose between “Flat-Rate” or “Full-Service” repair options. “Flat-Rate” provides access to expert L3Harris and OEM technicians for repairs as needed. “Full-Service” assigns the complete management of the repair process to L3Harris for covered devices and infrastructure and repair them as necessary.

Why Choose Two47™ Lifecycle Services?

With our dedicated Lifecycle Services, you gain a trusted partner committed to guiding you through every phase of system ownership, from initial implementation to eventual upgrades or migration. Our solutions are designed to enhance system reliability and ensure maximum return on your investment.

Delivering Measurable Results

- > **Enhanced System Reliability:** Ensure mission-critical systems operate at peak performance through expert lifecycle support.
- > **Cost Optimization:** Minimize unexpected repair costs and downtime with predictive maintenance protocols.
- > **Future-Proof Solutions:** Stay prepared for advancing technologies with seamless system upgrades and migrations tailored to your needs.

Two47™ Lifecycle Services include:

- > Scheduled Software & Security Posture Updates
- > Seamless System Upgrades and Migration
- > Software Enabled Feature Upgrades for Devices
- > Predictive and Preventive Maintenance
- > Repair Services
- > Comprehensive System Management
- > Fleet Management

Join the Two47™ Services Advantage

At L3Harris, we understand that lives depend on the performance of your communication systems. That's why our Two47 Services offers a transparent, adaptable and expert approach to keeping your operations running at peak performance.
