

YOUR CONNECTION WHEN THE HEAT IS ON

Extreme Durability. Extreme Connectivity.

Meet the XL Extreme™ 400P. Designed to take on challenging conditions that push you to the limits. The XL Extreme™ 400P is built for those who demand the toughest performance. It features heat-resistant seals that withstand temperatures up to 500°F, a glove-friendly keypad with a large emergency button for critical situations and ruggedized construction to withstand damage from salt water, humidity, corrosion and 3-meter drops.

With Wi-Fi®, Bluetooth® and certified LTE with leading nationwide carriers, you have boundless connectivity that can take you anywhere, anytime on any network.

Plus, when you choose the XL Extreme, you not only gain uncompromising ruggedness and connectivity, but also receive premium Homeland 6 carrying accessories at no additional charge (a \$300 value).

JUST HOW TOUGH IS THE XL EXTREME 400P?

Torched at 1700°F for 10 scorching seconds

Tumbled for 3 dizzying hours

Vibrated for up to 3 teeth-chattering hours

Submerged at 5 meters for 4 wet hours

Dropped repeatedly from 10 ruthless feet

INCLUDES FREE HOMELAND 6 HOLSTER AND RADIO STRAP WITH EVERY RADIO PURCHASED
